Example answers:

Cairns Tropical Zoo is twenty minutes north of Cairns. We drove to the zoo in my car. We saw kangaroos and koalas, and I was able to have my photo taken holding a koala.

Kuranda rainforest is west of Cairns. We went by taxi to the cableway that took us up the mountain to Kuranda. We had a good view of the forest tops as we went up, and had a guided tour of the rainforest at Kuranda.

Green Island is a coral cay 27 kilometres east of Cairns. We went to the island by boat. While we were on the island, we went on a glass-bottom boat to see the coral. We also had a swim in the clear island water before returning to Cairns.

The crocodile farm we visited is 50 minutes north of Cairns. The crocodile farm bus drove us to the farm. We saw ponds with lots of crocodiles lying about. We also saw the staff feeding the crocodiles with meat.
